Ordered “bases” that help lead people to experience true, Biblical worship
Designed by Michael Moore

Process derived from Psalm 95:1-7 (NIV)

- Call to Worship (See verses 1-2): Choose songs and/or scriptures that invite people to worship God. The lyrics are directed primarily toward one another, rather than to God.
- Praise (See verses 3-5): Choose songs and/or scriptures that describe the power, majesty, greatness, and wonder of God. The lyrics are primarily about God, who He is, and what He has done.
- Intimacy (See verse 6): Choose songs and/or scriptures that help the people express adoration and love to God. The lyrics are directed to God.
- Response (See verse 7): Choose songs and/or scriptures that help the people make a response and commitment to God as He moves to convict, cleanse and change. The lyrics are directed to God.
